

Magic F/X Pyrotechnics Display Pricing Guidelines
Special Effects Prices
January 2008-09

We pride ourselves with the finest selection of effects in the business. We custom select the effects for your show then we fire them on cue. * **Prices include** event day **Fire Marshal permits**, fire extinguishers, local **fire watch, insurance and any other additional fees that may occur**. Addition charges may be applied in some situations. Out of state travel, hotel and per diem extra.

I can tell you that pyrotechnics is a powerful tool in announcing VIP's, CEO's, officers or figures at a business meeting. It is the biggest wow you can offer. Pyro will not take long to set up and the expense, from my experience doing thousands of corporate shows, is worth it. There is no better bang for the buck!

- **\$ 550.00 Local license day labor, no product.**

- **\$900.00 Budget Show**

Minimum show **1-6 effects** simple effects. Plus Fire marshal fees

- **\$1400.00 Budget Show**

Propane Flame

- **\$ 1500.00 up Propane Flame Heads**

You can have from a small foot flame up to a 10-foot high Propane Flame that will keep a constant (never ending) burst of fire shooting into the arena, short bursts or fire balls. Can be configured as a flame bar or ring as an option. These flames can be shooting in the air every few seconds for the entire introduction. Propane Flame heads are controlled and monitored with Honeywell safety system intermittent pilot module, providing system status and feedback with its sensors and is complete with an E-Stop feature. As stated in NFPA 160.2001 7.3.3.1. These units are listed with Applied Research Laboratories (ARL), CSA, UL and OSHA approved and (certified ARL # 000126) Florida Mechanic & NFPA 160 Codes. See NFPA Appendix A.1.4.3

10 foot flames Fee \$1500.00

1- One Burner Heads with labor, Fire Permit, propane, hoses controller and quick set up and teardown

2- Two Heads (additional heads) and controller add an addition \$ 750.00

Large flames Fees \$ 2800.00

1- One Burner Head with labor, Fire Permit, propane, hoses, controller set up and teardown

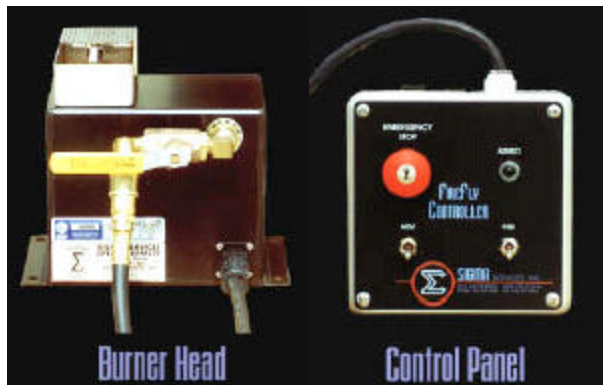

The bigger units shoot up to 20 – 30 feet of Propane Flames that can be shot at strategic intervals but less times, around (limited) 10 times with a 10 pound tank and 25 times+ with a 40 pound bottle. These use 3 x the amount of propane per head. This flame is larger and adds a bit of excitement to the existing smaller 10 ft flames.

Second Unit

Two units (additional heads) with controller add an addition \$ 1450.00

Also flames bars 2ft – 10ft and 20 foot lengths or any custom shape. POA

Propane Campfire Pits

Our Propane Fire pit looks like a real open flame pit but has none of the smoke or burning ambers of a real open fire, because it is a propane flame unit. Yet it produces an amazing amount of heat (77,500 BTUH x 3) and has logs that glow with heat and flames that reach a few feet high.

We can supply a 34-inch round, 70,000 BTU propane each fire pit. With no smoke to burn the eyes or make your clothes smell. No burning ambers. Price \$ 750.00 set up.

We can supply a pit that's 5 foot by 3-foot oval shape. \$ 1200.00

We can double up and provide two pits next to each other for \$2100.00

Special Effects

C02

\$ 1250.00 C02 Streaming Jets Plumes 3rd or 4th head 350.00 each

C02 streaming jets, which I use to reveal CEO's and gain attention for an entrance or reveal product. We can provide two jet heads that will make a 6-foot wide by 15-foot long stream, one from each side of the stage. This is a visual effect as well as a loud sound. As soon as the C02 (Looks like smoke) is switched off, it's gone. No smoke in the room.

The C02 custom heads we use go 6 foot wide within shooting less than two feet from the head. The stream becomes 6-foot wide and grows traveling 15+long.

The C02 jets are becoming very popular in business theater, MTV TV specials and stage shows for intro of headliners. This is a special effect that gains immediate attention.

We have introduced Keynote Speaker, VIPS, CEO'S, Sports Figures and 27 NASCAR drivers.

We have Wide nozzles,Plumes nozzles,C02 acceleration nozzles

Electric cyro valves and manual nozzles

Cyro walls

Custom Reveals and electric valves units to cover a wide area and smoke & C02 acceleration units priced per job.

- **\$ 1850.00 Up - Low level crawling smoke**

We can provide thick white low crawling smoke or dry ice. Low lying ground fog in huge amounts can be achieved. Two machines can fill a med airplane hanger 4-5 feet high in 45 mins of full throttle.

Plus Dewar rental and fluid

Gallon fluid and 85.00 per dewar cost 400.00 on averages with delivery charge of tanks.

Wind Special Effects Fans

- **\$ 50.00 up Wind Special Effects Fans**

We can make the air blow indoors to a True Category ONE Hurricane in a straight forwards vortex of full force wind in three seconds, with or without smoke.

- Hurricane II fans 17 3/4" x 19 1/2" x 19 1/2" **120.00**
- Hurricane 5000 31.5" x 24" x 28.5" **240.00 each**
- Arctic-Blast Wind Machine **50.00 each**
- Director Fan **50.00 each**

We can also supply High Altitude Streamer Cannon for stadium events \$ 2500.00 up.

On this stadium streamer cannon one barrel are on the unit. One barrel per cannon will hold about 35 colossal streamers (100' x 2.5") per layer

- **CO2 powered Continuous \$ 1050.00 a unit with labor can cost up to 650.00 (That not included in machine rental) for 50 pounds and will blow in 50+ seconds**

These unit can spread confetti 40-65 feet from a light dusting to a pound a second. Included in the price is 15 seconds of moderate confetti. **Pyro Mine confetti devices - Price on asking**

We offer a variety of confetti systems. We can trash a city block in 60 seconds! These units are **CO2 powered** and can propel up to 50 pounds of confetti! These systems normally throw confetti, but they can also throw puffballs, feathers, nerf balls, promotional items, etc

Exploding Confetti Balloons

Exploding Confetti Balloons 3000.00 with a balloon company

A spectacular and exciting effect, any number of giant balloons filled with large numbers of small balloons or confetti or a combination of both can be exploded by remote control showering their contents over the dance floor, stage etc.

This combination of 24 exploding balloons that will really liven up your dance floor! The balloons are filled with dozens of smaller, 5" balloons and confetti. The balloons are filled with Mylar confetti. We can rig them to explode at once or set them up to fire at various intervals throughout the evening!

Balloon Popping

- **\$ 2500.00 up Balloon Popping on Demand**

The ability to explode balloons on cue and instantly uses Shock Tube technology; exploding a balloon wall to reveal something behind it, and exploding confetti-filled balloons to showers the room with confetti. The Nomatch Shocktube system used to explode an unlimited number of balloons simultaneously, and the Balloon Squib System a.k.a. match detonator system) designed for exploding just one, or just a few balloons. We also we firer 200 match at a time to exploded the balloons

Glass popping

- **\$ 1500.00 Glass popping or Breaking Two Breaks one day**

Explosive charge that will pop and break a glass panel of tempted glass. The glass popper is an Explosive device. Glass breakers are used to break tempered glass when it is used as breakaway. They are squib operated and use a Hilti nail to pop the glass. The glass will fall down.

Bubbles

- **\$650.00 up Bubbles service**

Our system will send bubbles up 40' with having the lowest residue and the least amount of splatter of any bubble machine system anywhere alone with the biggest bubble output. With the fewest amount of premature bursting bubbles with our fluid. They don't even break in the rain! Completely biodegradable. We offer bubblesence scented bubble fluid. Made of completely biodegradable, non-irritating natural ingredients, Bubblesence is perfect for weddings, nightclubs, birthday parties, fashion shows, events and celebrations. A true winner in every sense!

We can make 20-inch bubbles

Bubble machine 650.00

Two Machines 850.00

20 inch Mega machine 1070.00, requires hanging

Smoke Rings

- **\$ 475.00 Smoke Rings**

You could Blow Rings of Smoke overhead of you target audience for a mystical mood enhancer. 20" rings of smoke soar through the air to 50' on a straight trajectory every five seconds. 2-day min

Water Mist System

- **\$ 1600.00 + Water Mist spray** mystical mood enhancer

We can mist an area 10 foot long to make an impact in outdoor scenic you will get a mist of water that is like a cloud. Just 6 feet from the target audience they will feel like they are in a jungle for a mystical mood enhancer. If place over head they will get wet.

Additional 10 foot sections are 375.00

Geysers

- **\$ 820.00 + Water Mist spray** mystical mood enhancer

These units produce a columned jet of water that shoots high into the air. They have been used to simulate natural geysers or oil wells. Once the water reaches altitude, it breaks up into tiny droplets, showering the area with a fine mist. This effect is a crowd-refreshing favorite

4" WATER CANNON \$825.00

6" WATER CANNON \$1300.00

Logo Explosion Effect

- **\$ 1000.00 Logo Explosion Effect**

Special Effects Snow

Day rate Stand alone dates with labor

America's Finest Show Falling Events

HIGH RANGE AND VOLUME SNOW MACHINES - EVAPORATES WITHIN 90 SECONDS OF AIR TIME - NO STAINING NO RESIDUE - NO MESSY CLEANUPS NON-ALLERGENIC BIODEGRADABLE - FLAMEPROOF - NONTOXIC - HAS NO SLIPPERY PROPERTIES

The Effect Specialist Zigmont can produce a full blown Snowstorm that looks as real as mother nature's snow inside or outdoors. A snowfall event in any venue nationwide. SnowFall shows, From falling Flurries to a blowing Blizzard and Quiet (68db from 9ft away) for stage performances, hotel ballrooms, at a mall, or even snow an entire theater. We use only the best, Evaporating DRY Snow Machine Generators, in the industry and all our snow machines are custom made to our needs and tuned by a professional acoustician to remove motor noise.

Our system uses Patented Technology devices and fluid for realistic simulated snowflakes for snowfall events both indoor and outdoor. The snow machines use a fluid, which is aerated and blown out of the front of the machine from a modulating sock that creates 4 sizes of light and airy snowflakes. We control the fluid pump to regulate the flake size. We have the safest and most realistic snowfall effects available on the market.

We have high volume snow machines for outdoor snow shows, multi-use medium volume machines, and our latest unit which is the slickest streamlined machine on the scene today, which is a quiet snow machine that has both high and low volume options with DMX flake control on board. This new unit is a marvel for outdoor Malls, indoor stage productions, low ceiling rooms, and ballroom entranceways. We can also supply the very quietest snow machine, designed for stage, movies, and live performances where noise makes the difference (68db from 3ft away). Another snow machine we offer is our Mega machine; this is the most powerful snow machine. This unit was designed for indoor mega-large venues.
